This is to inform your school that a Community Service Educational Initiative is proposed by Academic Experts, ELTAI (English Language Teachers' Association of India) Thoothukudi Chapter and Local Service Organizations. The objective of the initiative is to organize series of workshops for teachers and students of all the schools of Kayalpatnam.

The topics of the workshops range from basic to advance teaching and learning aspects based on research-informed strategies resulted from Neuroscience, Educational Psychology and Social Research.

This series of workshop will be organized every year at different schools that are willing to host voluntarily on various topics of teaching and learning.

As first time for the teachers, a workshop is planned at Wisdom Public School School on the topic:

"Applying Bloom's Taxonomy for Effective Teaching and Learning".

The organizer of the workshop therefore invites your school to send five teachers to participate in the workshop. A certificate of participation will be issued that will serve as professional development needs of the teacher and also meet the capacity building objective of your school.
