Accredited by NAAC with A++ with a CGPA of 3.61 in the third cycle

About us

Annammal College of Education for Women was founded in 1962 by Thiru. AR.A.S. Arumugasamy Nadar (1893 - 1971) the eldest and illustrious son of the founder of Subbiah Dharmanidhi, with the noble ideal of imparting training to graduate women to become able and talented teachers.

The college is affiliated to Tamil Nadu Teachers Education University, Chennai. The college has been granted recognition by the National Council for Teacher Education since 1996. The college offers a two year B.Ed. and M.Ed. programme leading to the degree of Bachelor of Education and Master of Education and a one year programme leading to M.Phil.

The college has a Network Resource Centre housing modern computer systems with local area network, multimedia and 24x7 wi-fi facility. A wide range of facilities exist for extra-curricular activities, Sports & Social work. Students' Council, Science Club, English Club, Health Club, Research Club, Maths Club, Eco Club, History Club, IT Club, Red Ribbon Club, Tamil Manram, Electrol Literacy Club, Photography Club, Psychology Club, Youth Red Cross, Anti-Human Trafficking Club, Entrepreneur Development Cell, SESRE Cell and Women Development Cell are functional in the institution for the holistic development of the students.

Right from the inception, erudite scholars and able administrators have served as Principals and held aloft the flag of the college. The college also has a team of talented and devoted faculty. The results in the university examinations have been consistently good and the college has carved a niche for itself in the field of teacher education in Tamil Nadu.

■ Vision

Annammal College of Education for Women is committed to uplifting women by giving them quality professional higher education to become empowered leaders.

■ Mission

The mission of Annammal College of Education for Women is to create learning environments that help women students evolve into informed, skilled and ethical decision makers.

■ Logo

The logo of the college symbolizes that higher education for women will brighten their future and in turn they will help the younger generation to be better citizens.

The motto- **"ARIVOZHIALARUL MALARA"**

From the Secretary's Desk...

With a great sense of pride I welcome you to Annammal College of Education for Women. I am happy to know that you are considering our institution to undergo your teacher education programme. If you have decided to study in Annammal, you will be a part of a pioneer Teacher Education Institution offering quality education.

We recognize that our students have unlimited potentials and having this in mind we facilitate individual growth and development by offering innovative platforms. We help them to transform their ideas to reality by organizing several events. Our pathways into the future may be uncertain. But we think back to the triumphs and successes of this institution and understand that being together, we can cross milestones and reach excellence.

The college has state of art infrastructure and we have a dedicated team of teachers to ensure that every student is given opportunities to explore and experience innovative ideas that lead them towards excellence.

I personally invite you all to be a part of this transforming journey.

S.Muralidharan

Secretary

Programmes

Bachelor of Education (B.Ed. Degree):

Curriculum

B.Ed. curriculum is designed to integrate subject knowledge, human development, pedagogical knowledge and communication skills. The programme comprises of three broad curriculum areas: Perspectives in Education, Curriculum and Pedagogic Studies and Engagement with the Field. Transactions of the course will be done using a variety of approaches such as case studies, discussions on reflective journal, observations and interactions with the community. ICT, gender, yoga and inclusive education form an integral part of the B.Ed. curriculum.

School Internship

School internship is designed for the development of a broad repertoire of perspectives, professional capabilities, teacher sensibilities and skills. Student teachers shall be equipped to cater to the diverse needs of learners in schools. Students are to be actively engaged in teaching for 16 weeks in the second year of the course. They shall be engaged at two levels namely upper primary classes (Class VI VIII) and secondary (Class IX-X) or senior secondary (Class XI-XII) for 16 weeks. Student teachers shall be provided opportunities to teach in schools with systematic supervisory support and feedback from faculty.

B.Ed. - Programme Learning Outcomes

- Student teachers will demonstrate an understanding of physical, intellectual, social, emotional and moral development of learners to organize learning experiences and to create a learning environment for school students.
- Student teachers will be able to apply the knowledge of contemporary issues in education to promote the learning of students.
- Student teachers will provide positive models for integrating technology into the teaching learning process.
- Student teachers will make use of their knowledge of how gender intersects education to create gender sensitive classrooms.
- Student teachers will display a deep understanding of disciplines and use an inter-disciplinary approach to knowledge.
- Student teachers will deliver meaningful experiences to students by integrating their knowledge of content, pedagogy and the learner to experiment with a variety of instructional and assessment methods.
- Student teachers will create an environment for student learning, demonstrating a commitment to ethical and equitable behaviour.
- Student teachers will engage in inclusive teaching practices that help all students learn irrespective of their gender, caste, economic status and special needs.
- Student teachers will use effective and appropriate language in their teaching, professional collaboration and interaction with students.
- Student teachers will reflect on their pedagogical practices and renew their knowledge and skills through professional development endeavours.

Master of Education (M.Ed. Degree):

The M.Ed. programme is designed to provide opportunities for students to extend and deepen their knowledge and understanding of education, specialize in select areas and also develop research capacities leading to specialization in elementary or secondary education. The curriculum for the two years M.Ed. programme comprises of

1. A common core that includes perspectives courses, tool courses, teacher education courses and self-development component.
2. Specialization branches where students choose to specialize in school levels.
3. Research leading to dissertation
4. Field immersion

M.Ed. - Programme Learning Outcomes

- The scholars will experiment with different methods of research to provide solutions to the problems of learners.
- The scholars will engage in self-directed learning for deep probing into learning areas.
- The scholars will analyse and interpret data to arrive at intelligent inferences.
- The scholars will design and develop ICT integrated learning resources using a research perspective.
- The scholars will get involved with the different activities of teacher education,
- The scholar will analyse the content of different text books in terms of their contribution to the teaching learning process.
- The scholars will demonstrate skills for collaboration with different stakeholders in the field of education.
- The scholar will conduct action research in the classroom settings.
- The scholars will participate in the development and evaluation of evidence and research based practices through critical enquiry.
- The scholars will assume multiple leadership roles in the institution and community at large.

The minimum marks for admissions to B.Ed. programme is as follows:

Community	Minimum Marks
OC	50 %
BC	45%
MBC	43%
SC/ST/SCA	40%

Subjects Offered:

Tamil
English
Mathematics
Physical Science
Biological Science
History
Computer Science

M.Ed.

Candidate who have 50% marks in theory and practical components separately in the B.Ed. degree examinations from a recognized university are eligible to apply for M.Ed degree programme.

Amenities

Faculty

The college has highly qualified, NET cleared and experienced faculty with doctorate degrees in respective fields. All faculty members have techno pedagogy skills and are committed to their profession with a ready to help attitude towards the students. To guarantee high quality education expert talk/seminars/workshops are organized at regular intervals.

Library

The college has a spacious air-conditioned library well-stocked with a large number of books on subjects related to the courses taught in addition to encyclopedias, dictionaries and policy documents. The library subscribes to important newspapers, magazines, national and international journals. Automated Library Management System is used for easy access. The library has mezzanine floor with computer and Internet facility. Printing, scanning and photocopying facilities are available in the library.

Network Resource Centre

To keep abreast with the changing scenario in higher education, employment and research a fully equipped Network Resource Centre (NRC) is available in the campus. The NRC has free and round the clock FTTH internet connectivity that is accessible to all student teachers and M.Ed. and M.Phil. scholars. There are 61 terminals for students to carry out their practicum and dissertation work without any time restriction. The multimedia set up in the NRC helps to integrate ICT in teaching and learning process. A computer course designed by the teacher educators provides the students with a basic knowledge on the operational use of computers and the internet. Surfing skills of students are developed through practical training sessions in the NRC. The students are also trained to use search engines to download e-resources for their assignments and reference work.

Classroom Facilities

All classrooms are spacious with good ventilation and comfortable seating facility. Four of the lecture halls are galleried rooms with multimedia teaching and interactive whiteboard. Multipurpose halls are available in the college.

Laboratories

Psychology, Physical and Biological Science laboratories provide an opportunity to bring theory into practice. The laboratories are fully equipped with all required equipment. Students get first-hand learning experience by performing various experiments with direct guidance from teachers. Students are made to use the equipments and understand different scientific theories and concepts. The Psychology laboratory is equipped with mandatory tests, apparatuses and inventories. Psychology laboratory helps the future teachers to understand the mind and behaviour of the child in depth.

Placement Cell

Annammal College of Education has an excellent placement record. We organize campus interviews for the second year students. The Placement Cell of the institution coordinates with many reputed schools to provide job opportunities to students. The college makes sure that all the students are trained, provided guidance and opportunities for placement by way of organizing workshops on interview skills and resume writing.

Student Support

The college ensures that each day is cherished and celebrated with glory and grace. Observation of important days and celebrations make our students resourceful and equipped with all the skills required. Our students get opportunities to participate in various inter-college competitions to exhibit their talents in sports and cultural activities. Field trips and excursions are planned every year. Students visit book fair, exhibitions, special schools & industries to develop their knowledge and skills.

🔗 Photography and Short Film Making

Training in photography and short film making are given to the students to identify their talents. They are encouraged to take short films on any social issues or about the local culture. Students are encouraged and helped to participate in short film making competitions.

🔗 Special Coaching

UGC-NET Coaching for M.Ed. students

NET is an added advantage to any student who completes Master's Degree in Education with 55% and above. A pass in UGC-NET Examination is the basic requirement of lectureship in Colleges of Education. Hence we offer UGC NET Coaching to enhance the employability of our M.Ed. students. We provide quality study materials to our students for UGC NET examination.

TNTET Coaching for B.Ed. and M.Ed. students

TNTET is an eligibility test conducted by Teachers Recruitment Board of Tamilnadu government to check the eligibility of candidates for recruitment in government and government aided institutions. TNTET Coaching Classes are offered to the B.Ed. and M.Ed. students to help them to clear the examinations and to be eligible for government appointments. Coaching classes are offered by our faculty based on their subject specialization.

🔗 Sports and Games

Our college has a 200 meters track with facilities for long jump, high jump, shot put and javelin throw. A full-fledged basketball court is available with flood light facility. Regular physical education and yoga and meditation classes are conducted for the students to keep them physically and mentally fit.

🔗 Green Campus

The campus is known for its greenery. The 15 acres campus has a mini forest and a Miyawaki forest with more than 150 varieties of trees. Our forest gives shelter to several species of birds and the highlight of the campus is the dancing peacocks.

Studio

The influence of digital videos on our everyday culture is undeniable. Students today are using educational videos as a learning tool for learning concepts ranging from simple to abstract ones. Abstract topics that once seemed difficult to teach and learn are now more accessible and understandable through educational video presentations. Therefore as a part of the constructivist pedagogical practices, the institution has established a well-furnished studio facility to train the prospective teachers to create educational videos which can be used by them in their classrooms. This facility is used by the teachers and students to create digital lessons.

With the proven success among the novice and seniors, microteaching helps to promote real-time teaching experiences. Video recordings provide an authentic feedback of classroom interaction and microteaching. The skills practiced by the prospective teachers during their micro teaching classes are videotaped and projected in the ACE studio to provide an opportunity for understanding their strengths and weaknesses during their skill practice. Thus ACE studio provides a wonderful platform for the students to improve and develop their teaching skills in a productive way.

Hostel

The college runs a hostel within the campus with state of art facilities. Great care has been given to make the hostel a home away from home. The hostel has well furnished rooms with hygienic and hi-tech kitchen and dining hall with 24 hours water facility. Nutritious, hygienically prepared vegetarian and non-vegetarian food is served. The hostel has a netcafe with Wi-Fi connectivity.

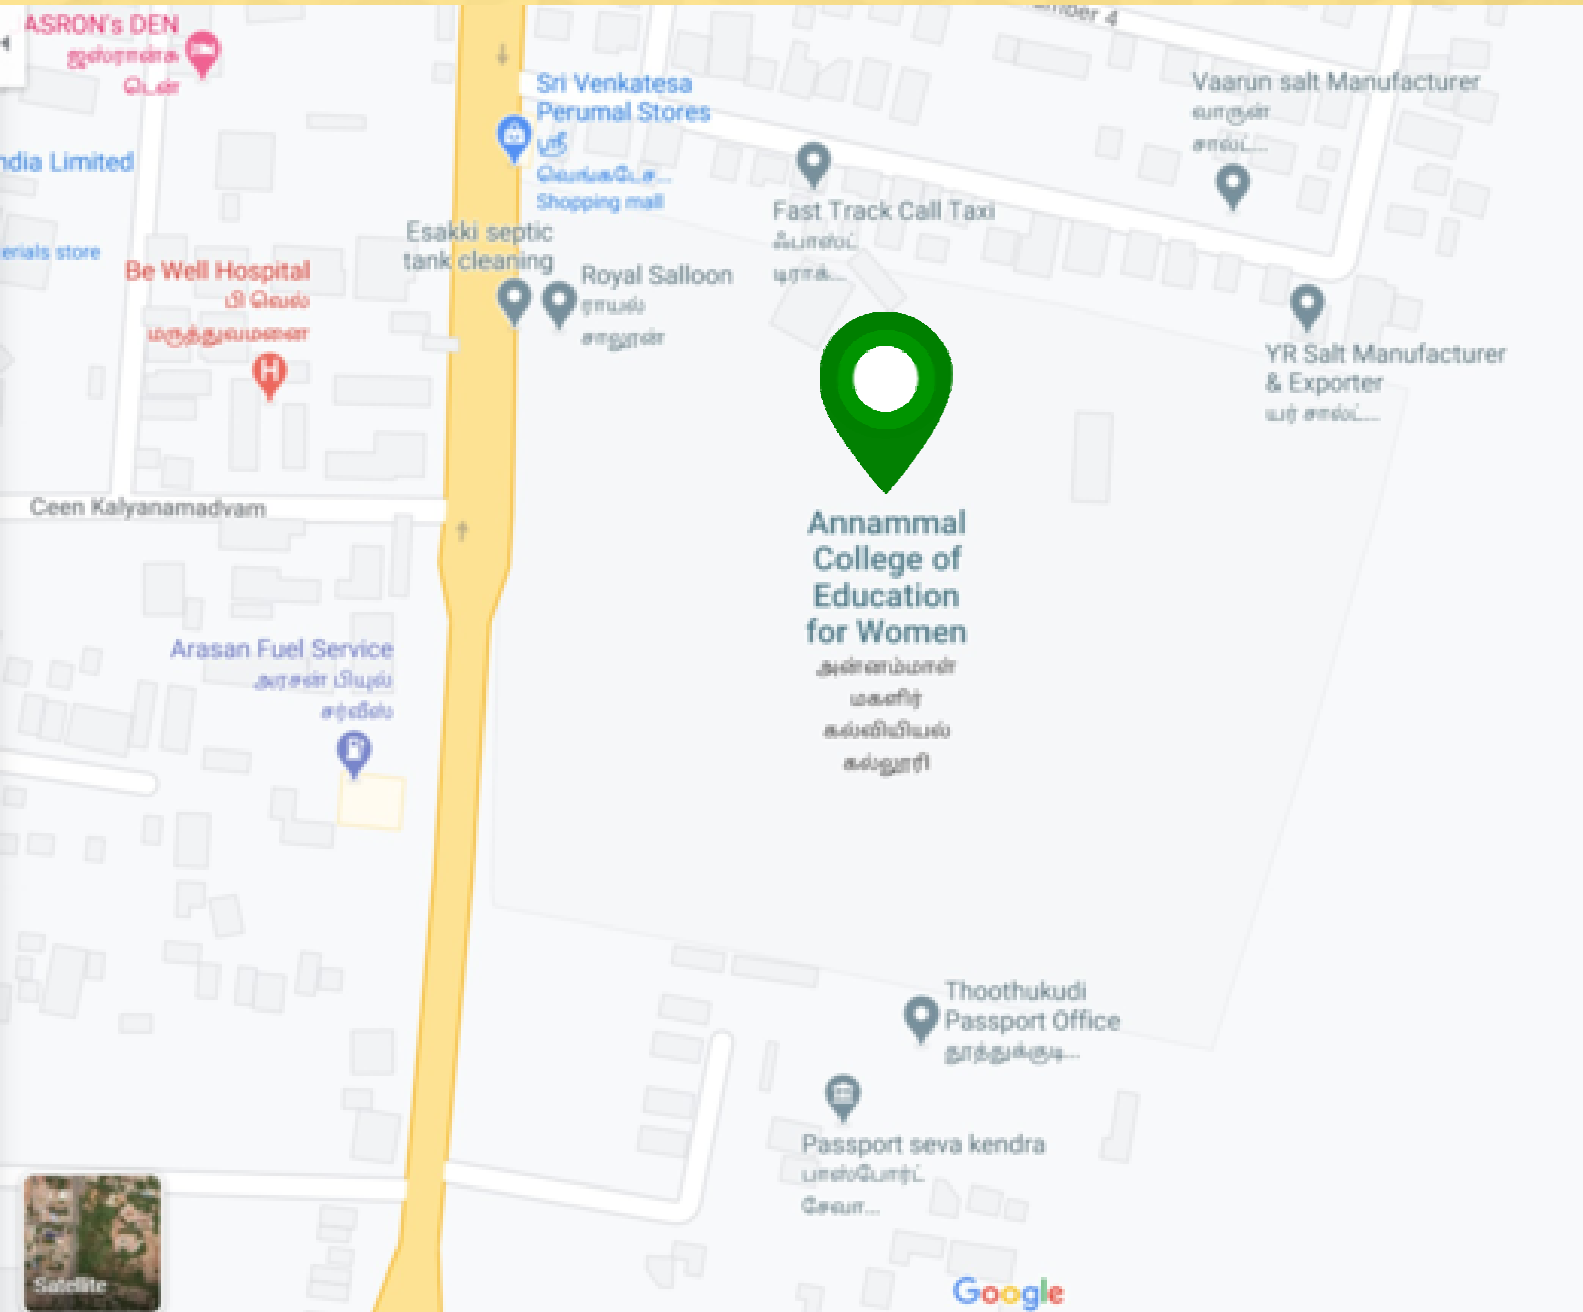

The college has a spacious dining hall with modern kitchen facility. Steam cooking and other latest kitchen gadgets are available to give healthy and nutritious food to the inmates.

RO purified drinking water is available in the campus and the college provides good water facility to the students.
