### **NETWORK RESOURCE CENTRE (NRC)**

To keep abreast with the changing scenario in higher education, employment and research a Network Resource Centre (NRC) is set up in the campus. The main objective of the NRC is to create awareness and

give exposure to teacher educators and student teachers about the use of computer. Our NRC has free and round the clock broad band internet facility, accessible to all student teachers, M.Ed students and teacher educators with 61 terminals, without any time restriction to carry out their practicum activities like presentations and dissertation work to fruition. The multimedia set up in our NRC helps to integrate ICT in our teaching and learning process.

A computer course designed by our teacher educators provides the students a basic knowledge on the operational use of computers and the internet. Surfing skills of students are developed through practical training sessions in our NRC. The students are also taught to use search engines to download e-resources for their assignments and reference work.

### **Special Coaching**

#### **UGC- NET Coaching and JRF eligibility for M.Ed. students**

The National Educational Testing Bureau of University Grants Commission (UGC) conducts National Eligibility Test (NET) to determine eligibility for lectureship and for award of Junior Research Fellowship (JRF) in order to ensure minimum standards for the entrants in the teaching profession and research. The tests are conducted twice in a year, in the months of June and December. The JRFs are awarded to the meritorious candidates from among the candidates qualifying for eligibility for lectureship in the NET. JRFs are available only to the candidates who opt for it in their application forms.

NET is an added advantage to any student who completes Masters Degree in Education with 55% and above. A Pass in UGC-NET Examination is the basic requirement of lectureship in Colleges of Education. Hence we offer UGCf NET Coaching in our institution from 2002-2003, to enhance the employability of our M.Ed. students. We provide quality study materials to our students for UGC NET examination.

#### **TNTET Coaching for B.Ed. and M.Ed. students**

TNTET is an eligibility test conducted by Teachers Recruitment Board to check the eligibility of candidates for the post of teachers. TNTET Coaching Classes are offered to the B.Ed. and M.Ed. students to enhance the employability of our students. The classes are handled by our faculty based on their subject specialization.

#### **Computer Course**

The world is in a digital age where computer is applied in every sector of human endeavour. The prospective teachers of Annammal College are imparted with the basic computer skills through the General Computer Classes everyday from 9.00 a.m. to 9.45 a.m.

#### **Spoken English Centre**

The trainees of Annammal College of Education come from heterogeneous backgrounds. Many of them have their school education in vernacular medium and have limited exposure to English. To develop the spoken English of the trainees we have developed a Spoken English Training Centre. Our faculty members train the students in spoken English on a regular basis. All the students are given opportunity to make use of the Spoken English Centre to become fluent speakers of English.

#### **Fingering Practice**

The prospective teachers of Annammal College of Education are given fingering practice on a regular basis using typewriter. It enables the students to memorize the keyboard and create a mental map of the associated fingers.
