round the clock broad band internet facility, accessible to all student teachers, M.Ed students and teacher educators with 61 terminals, without any time restriction to carry out their practicum activities like presentations and dissertation work to fruition. The multimedia set up in NRC helps to integrate ICT in teaching and learning process.

A computer course designed by our teacher educators provides the students a basic knowledge on the operational use of computers and the internet. Surfing skills of students are developed through practical training sessions in NRC. The students are also taught to use search engines to download e-resources for their assignments and reference work.

### Special Coaching

#### **UGC- NET Coaching for M.Ed. students**

NET is an added advantage to any student who completes Master's Degree in Education with 55% and above. A pass in UGC-NET Examination is the basic requirement of lectureship in Colleges of Education. Hence we offer UGC NET Coaching to enhance the employability of our M.Ed. students. We provide quality study materials to our students for UGC NET examination.

#### **TNTET Coaching for B.Ed. and M.Ed. students**

TNTET is an eligibility test conducted by Teachers Recruitment Board of Tamilnadu government to check the eligibility of candidates for recruitment in government and government aided institutions. TNTET Coaching Classes are offered to the B.Ed. and M.Ed. students to help them to clear the examinations and to be eligible for government appointments. Coaching classes are offered by our faculty based on their subject specialization.

#### **Spoken English Course**

Students of the college come from heterogeneous backgrounds. Many of them have their school education in vernacular medium and have limited exposure to English. To develop the spoken English of the trainees we have a Spoken English Training Centre. Our faculty members train the students in spoken English at a regular basis.
